Above are optimistic loads.

Densities: Pink, Yellow, Green, Blue, Red, Black, Orange (1966), Purple, Gold (tow), Silver (skim) - 8% weight reduction between colours.

Experience notes: Natural (moulded) rocker is shown. M08 is the most popular rocker in all sizes since 2008. Good general purpose gun blank. Will make all modern gun shapes with the right rocker. Deep cutting requires heavier densities like Red or Orange Foam.
